Liner: Hex[®]PRESS liner

HIGH PERFORMANCE CAST FILMS

 **SKINTAC CAST FILM**
3D | Lange termijn | Full wraps | Interieur Decoratie

HEX'PRESS De SKINTAC **HX20000** en **HX30000** series zijn ontworpen om voertuigen of objecten volledig of gedeeltelijk in te pakken. Ze bestaan uit een hoogwaardige meerlagige gegoten PVC-folie en een liner met gestructureerde **HEX'Press-lijm** om het aanbrengen te vergemakkelijken (easy air egress).

De **SKINTAC Chromes** bieden een super spiegelend effect zonder sinaasappelschil effect. De satijnen afwerking biedt een chique parelmoerachtige uitstraling van het oppervlak.

Hexis kan een kleur op maat voor u produceren!
